Regional Environment Senior Specialist

From: Norma Harrell
Office/ Site Manager
Hertford County Rural Water/Solid Waste

Ref: Annual Transfer Station Report – 2012-2013

Due to changes made this year in the operation of the Transfer Station, Convenience Site 7 and our new Shingle Recycling Program you will see a shift in the bottom line of this years report.

- We separated the convenience site 7 from the support of the Transfer Station by eliminating the open top boxes and replacing them with a 40 yard compactor. This compactor is pulled by Waste Industries directly to the Bertie Landfill instead of the open top boxes pulled across our scales then to the tipping floor. This new procedure began January 25, 2013.
- We began our new Shingle Recycling Program July 1, 2012 shifting 467.23 tons out of the Landfill to the Recyclables. With the new program, we created a second Tipping Fee. (See attached Tipping Fee Schedule.)
- For year 2011-2012 our recyclable tonnage was 125 tons. For 2012-2013 the only remaining recyclable (excluding the new shingle program and e-waste) is used oils and filters at 17.58 tons.

If you have any questions or concerns, please feel free to contact me at 252-358-7867 or e-mail norma.harrell@hertfordcountync.gov.
